NOTE FOR: The Deputy Director
FROM: Dave Gries
SUBJECT: Your Attached Question on SSCI

Most of the SSCI questions had already been answered by the time the Director circulated his 21 May note. Clair is answering the Director in a memo, making the point that although we do not like some of the questions, we can cope by answering them in a general way without getting into sources and methods.

In the past, answering in generalities has usually worked as a way of handling questions we don't like. In the future, I want to look at questions more carefully as they come in from the committees. Perhaps we can have some of them reworded.
